

## **IMT4 – Neuro-cranial treatment model**

On this 2 day course, therapists will learn primary and secondary scan tests to assess and treat dysfunction in the neurocranium, TMJ and dural membranes. With 40 counterstrain, dural and sutural manipulative techniques, therapists will leave the module with a powerful approach to treat craniosacral dysfunction creating headaches and pain elsewhere in the body as a result of the fascial and neurological connections.

### **IMT4 Course Schedule**

#### **Day 1**

8.30am - 9.00am	Course registration
9.00am - 9.45am	Introduction and Key concepts
9.45am - 10.30am	Neurocranial assessment1
10.30 - 10.45am	BREAK
10.45 - 12.30pm	Neurocranial assessment2
12.30 - 1.15pm	LUNCH
1.15 - 3.15pm	Neurocranial treatment1 - Compression and shears
3.15 - 3.30pm	BREAK
3.30 - 5.00pm	Neurocranial treatment2 - Compression and shears
5.00pm	END OF DAY 1

#### **Day 2**

8.30am - 10.30am	Neurocranial treatment3 - Torsions & SB/Rot
10.30 - 10.45am	BREAK
10.45 - 12.00pm	Neurocranial treatment4- Torsions & SB/Rot
12.00 - 1.00pm	LUNCH
1.00 - 2.30pm	Temporomandibular treatment
2.30 - 3.00pm	Dural treatment
3.00 - 3.15pm	BREAK
3.15 – 3.45pm	General & fine tuning techniques
3.45 - 4.00pm	Treatment concepts
4.00pm	END OF IMT4
